

OTHER DISPOSAL OPTIONS

Ask a doctor if they will accept properly "containerized" used sharps for safe disposal.

Contact a local hospital to see if it will accept sharps that have been properly secured in a container.

Check with a pharmacy. Some sell specially designed containers for use by homeowners securing health care wastes for disposal in household trash. Some pharmacies also sell "mail-back" containers that are mailed to companies that incinerate the used sharps.

DISPOSAL TIPS FOR HOME HEALTH CARE WASTES

pennsylvania
DEPARTMENT OF ENVIRONMENTAL
PROTECTION

Home health care wastes

primarily consist of “used sharps,” such as needles, syringes, lancets and other sharp objects, as well as soiled bandages, disposable sheets and gloves. Prevent injury, illness and pollution by following some simple steps when disposing of these wastes in your household trash.

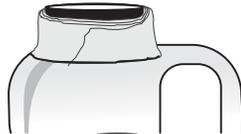

4. Place non-sharp home health care wastes in a doubled, securely fastened, opaque plastic trash bag before putting them in the garbage can with other wastes.

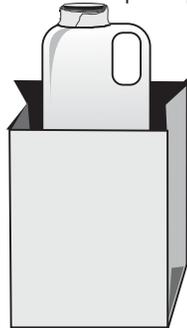

1. Place all used sharps in an opaque puncture-resistant, hard plastic or metal container. An empty detergent bottle with a screw-on cap or an empty coffee can will do.

2. Close the container with its original lid and secure with heavy duty tape.

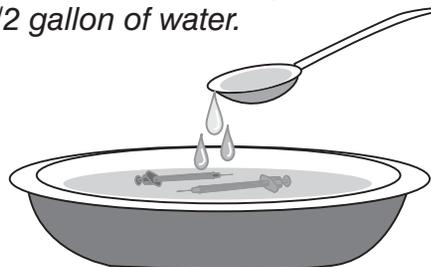

3. Place the tightly sealed container in a paper bag and discard it with your household trash.

DO NOT PLACE IT WITH RECYCLABLES.

RECOMMENDED TREATMENT:

Prior to disposal, disinfect used sharps with a solution of 1 teaspoon of bleach in 1/2 gallon of water.

"DOs & DON'Ts"

DO:

- Place used sharps in an opaque, puncture-resistant container.
- Seal lids on containers of sharps with heavy-duty tape.
- Seal trash bags with tape or wire/plastic ties.
- Label plastic jug or metal can "DO NOT RECYCLE."
- Keep waste containers out of reach of children and animals.

DON'T:

- Place loose used sharps in the trash or toilet.
- Label the containers as medical waste.
- Clip needles with a pair of scissors.
- Place sealed containers in with recyclables.

DO NOT RECYCLE ANY USED SHARPS!
