

Lanchester Landfill's

Transportation Compliance Plan

The Lanchester Landfill has adopted the plan listed below to do its part in promoting safe transportation of solid waste at the landfill and on the public highways.

Vehicle – a truck, truck tractor, trailer or combination that is transporting solid waste to the Lanchester Landfill for disposal.

Random Inspections – Lanchester Landfill will utilize a system to inspect vehicles randomly. This means that the inspection task(s) will be randomly selected, the date(s) and time(s) of inspection will be randomly selected and the vehicles to be inspected will be randomly inspected.

Non-Random Inspections – Lanchester reserves the right to inspect all vehicles. Vehicles may be inspected for cause or that the owner of the vehicle or the operator has a history of noncompliance with this plan.

Environmental Compliance Checks

- a. As required by Pennsylvania Code Title 25 273.311 we must record weights and registration information on each vehicle that exceed 73,280 pounds gross weight and combinations that exceed 80,000 pounds gross weight.
 - b. When a vehicle exceeds its gross weight limit plus 3% (75,460 or 82,400 for combinations) the owner of the truck will be contacted.
 - c. After another overweight by the same truck the Pennsylvania State Police (PASP) will be contacted with information to locate this truck on one of its next visits to the Lanchester Landfill.
 - d. If an owner is notified that the same vehicle has been overweight three times within 365 days this vehicle will be delayed up to one hour on its subsequent visits or may be banned from Lanchester Landfill.
 - e. If the same truck is overweight twice more for any period it will be subject to a two hour delay on subsequent visits or may be banned from the Lanchester Landfill.
 - f. If the same truck is overweight twice more for any period it will be subject to a three hour delay on subsequent visits or may be banned from the Lanchester Landfill.
1. As required by 285.211 all vehicles transporting waste must be covered and the cover shall: (1) Be water resistant (2) Be securely fastened (3) Eliminate the potential for roadside littering, dust, leakage, discharge, attraction or harboring of vectors or other nuisances. Lanchester Landfill requires covers both inbound and outbound (unless container is completely cleaned before leaving the working face).
 - a. Violators will be assessed a \$25.00 fee for each occurrence and will be added to the PADEP log.
 - b. If the same vehicle has been charged three times for a cover violation within 365 days this vehicle may be banned from Lanchester Landfill or pay for a week's (\$2,500.00) litter patrol (Lanchester's choice).
 3. As required by 285.213 (a)(2) and (b)(1) transportation equipment shall be leakproof.
 - a. Vehicles that are leaking enough leachate to create a 1-foot diameter spot of water on a near level road in one minute will be added to our PADEP log. The owner of the truck will be contacted concerning the leaking truck.

- b. If the same vehicle has a leaking violation within 365 days this vehicle may be banned from Lanchester Landfill.
4. As required by 285.214 (b)(1) every load of loose non-baled municipal waste shall be transported in a vehicle with four solid sides and the load shall be no higher than the solid sides of the vehicle.
 - a. Vehicles that do not have four solid sides or the load is higher than the solid sides will be added to our PADEP log. The owner of the truck will be contacted concerning the vehicle's non-compliance.
 - b. If the owner of the same vehicle has been notified for not having solid sides or the load is higher than the solid sides within 365 days this vehicle may be banned from Lanchester Landfill.
5. As required by 285.218 all vehicles that transport solid waste must have specified signs. Letters on signs must be 6 inches in height and include the name, waste type, business address and phone number of the person that owns the vehicle. Vehicles that are not in compliance with this regulation will be added to our PADEP log.
 - a. All vehicles must come into compliance with this regulation within one week of observed noncompliance.
 - b. Vehicles that are not in compliance after one week will be banned from Lanchester Landfill until they meet this regulation.
6. As required by 285.213 (a)(1)(i) all trucks must be equipped with a fire extinguisher having an Underwriters Laboratory rating of 5 B:C or more, or two fire extinguishers, each of which has an Underwriters rating of 4 B:C or more and must be fully charged. Vehicles that are not in compliance will be added to our PADEP log.
 - a. All vehicles must come into compliance with this regulation before their next visit to Lanchester Landfill.
 - b. Vehicles that are not in compliance will be banned from Lanchester Landfill until they meet this regulation.
7. As required by 285.217(a) anyone (any vehicle) that transports municipal waste other than infectious and chemotherapeutic waste shall make and maintain an operational record each day that municipal waste is collected or transported or both. Vehicles that are not in compliance will be added to our PADEP log.
 - a. All vehicles must come into compliance with this regulation before their next visit to Lanchester Landfill.
 - b. Vehicles that are not in compliance will be banned from Lanchester Landfill until they meet this regulation.
8. As required by 299.216(a) anyone that transports residual waste shall have safety equipment available in the vehicle for use during discharges, fires and other emergencies. The equipment shall include protective clothing and equipment and first-aid supplies. (b) Personnel operating transportation equipment shall be capable of operating the equipment in compliance with the act and this article and applicable public safety laws. (c) Vehicles for the transportation of liquid residual waste shall be equipped with absorbent mats and material to absorb liquids that might leak from a damaged container during transportation. (d) A person that transports residual waste shall have a contingency plan to minimize and abate discharge of residual

waste during transportation. A copy of the plan shall be kept in the cab of each transportation vehicle. Vehicles that are not in compliance will be added to our PADEP log.

- a. All vehicles must come into compliance with this regulation before their next visit to Lanchester Landfill.
- b. Vehicles that are not in compliance will be banned from Lanchester Landfill until they meet this regulation.

Schedule for Compliance Checks

- A. The following tasks will be checked continually as part of regular operating procedures:
 1. Overweights – checked by the weighmaster
 2. Tarps – checked by the weighmaster, equipment operators and supervisors.
 3. Leaky Loads – checked by the weighmaster, equipment operators and supervisors.
 4. Load Securement – checked by the weighmaster, equipment operators and supervisors.
 5. Signage – checked by the weighmaster, equipment operators and supervisors.
 6. Personal Protection Equipment – all personnel along Lanchester Landfill's internal drives and at the active tipping area must have at minimum ANSI Class 2 high visibility clothing. In addition all personnel at the active tipping area must have sole puncture resistant shoes - ASTM F2413-05 SPR at and ANSI Z89.1 Type 1 hard hats.
 - A. Each time a driver is given a warning their employer will also be informed about the warning, the violation and the penalty.
 - B. The driver will be given a written warning the first time they are at the landfill face without proper personal protection equipment.
 - C. The second time the same driver is without proper personal protection equipment he will be subjected to a one hour delay on his subsequent visit or may be banned from the landfill.
 - D. The third time the same driver is without proper personal protection equipment he will be subjected to a two hour delay on his subsequent visit or may be banned from the landfill.
 7. **Vehicle Operation Rules at the Lanchester Landfill:**
 - A. **When not on the scale the site wide speed limit is 15 m.p.h.**
 - B. **Only the driver is permitted to be out of the vehicle to open a tailgate, remove tarps, loosen turnbuckles or other necessary exterior vehicle equipment that needs attention. The driver will stay within 6 feet of the vehicle at the active disposal area.**
 - C. **Drivers must wait for direction from a Lanchester Landfill bulldozer operator by C.B. Radio or hand signals before backing into the active disposal area.**
 - D. **Vehicles must maintain a 15 foot safety zone between vehicles.**
 - E. **Consequences for drivers not following the Vehicle Operation Rules:**
 - a. **First Offence – written warning to the driver and the vehicles owner;**

- b. **Second Offense – half hour delay on the next visit to the Lanchester Landfill;**
- c. **Third Offense – one hour delay on the next visit to the Lanchester Landfill;**
- d. **Fourth Offense – one week ban of the driver to the Lanchester Landfill;**
- e. **Fifth Offense – ban of the driver from the Lanchester Landfill.**

B. The following tasks will be randomly inspected:

- 1. Transporter Daily Operational Record.
- 2. Contingency Plan - vehicles (that are required to have one) will be checked for a complete Contingency Plan and required equipment.
- 3. Fire Extinguishers.

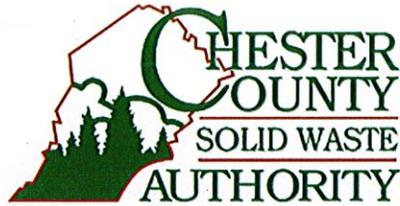

C. Lanchester reserves the right to inspect all vehicles. Vehicles may be inspected for cause or that the owner of the vehicle or the operator has a history of noncompliance with this plan.

Coordinated Compliance Checks

At least twice per year Lanchester Landfill will invite PASP to a random inspection of vehicles for safety checks. The Transportation Compliance Plan will be distributed to all Lanchester Landfill employees and reviewed at least four times per year. PASP Barracks Lancaster has agreed to provide manpower for the safety checks.

Transporter Participation

Transporters will be provided a specific opportunity to comment on Lanchester Landfill's Transportation Compliance Plan at least once per year at a special meeting(s) for the Transportation Compliance Plan.

Environmental Policy Statement

Chester County Solid Waste Authority provides assistance to area municipalities on developing and implementing waste reduction, recycling, leaf and yard waste composting and household hazardous waste programs in a manner that minimizes environmental impacts, conserves natural resources and provides effective stewardship of the environment.

We are committed to making environmental management an integral core value and vital part of our day to day operations at the Chester County Solid Waste Facility. Our goal is to help reduce the waste generated by residents, businesses, schools and institutions in Chester County and eventually become a Zero Waste Resource.

Chester County Solid Waste Authority is committed to excellence and leadership in protecting the environment and will strive to integrate our Environmental Management System (EMS) into our strategic planning processes.

Through our EMS we are dedicated to carrying out the following commitments:

Communication

Promote environmental awareness associated with waste minimization among our employees, customers and the public. Train, educate and inform our employees about our EMS and environmental issues that are part of their work. Our Policy will be communicated to employees, partner organizations and made available to the public.

Compliance

Comply with relevant environmental legislative, regulatory, permit and other requirements associated with our industry. We will implement programs and procedures to assure compliance.

Pollution Prevention

Identify and prevent or minimize pollution in all areas of our operations. We will look for opportunities to go beyond what is required by regulations when it is consistent with our strategic plan and available resources.

Continuous Improvement

Constantly look for ways to continually improve our environmental performance where reasonably practicable, by setting objectives and targets, primarily focused on waste reduction, efficient resource use, improved air and water quality and considering life cycle impacts associated with solid waste management.

We will measure and review our performance results annually and periodically report the results to our stakeholders.

Li-ion Battery Fires Unfairly Cost Waste, Recycling & Scrap Operators Over \$1.2 B/yr.

Lithium batteries range in size, but they are powerful. Lithium is a very reactive element and when damaged, can pose fire and explosion risks (even if it may be a “dead” battery).

Sometimes trash truck drivers do not notice the fire before it is too late, and the only response would be to exit the vehicle. When this happens, the truck driver’s life is in serious jeopardy as well as the lives of others on the road, and your property. Landfill operators and recycling processing facilities staff can also be in danger when lithium batteries are placed in trash OR recycling bins.

NEVER PUT RECHARGEABLE & LITHIUM BATTERIES IN YOUR TRASH OR RECYCLING BIN!

PLEASE bring your rechargeable and lithium batteries to a Household Hazardous Waste event.

Register online:

<https://www.chestercountyswa.org/121/UpcomingHousehold-Hazardous-Waste-Event>.

Lithium Battery Safety Tips:

DO ✓	DO NOT ❌
Keep batteries and devices stored at room temperature.	Charge a device under your pillow, on your bed, or on a couch.
Store batteries away from anything flammable.	Charge a device unattended.
Always use the manufacturers charging cord to charge the battery or device.	Place loose batteries in drawers or containers that contain other metal objects (coins, paper clips, screws).
Watch for signs of failure – overheating, discoloration, swelling, odor.	Place in direct sunlight or leave in a hot vehicle.
Bring battery to a Household Hazardous Waste collection or check the Call2Recycle website to find a drop-off location closest to you.	DO NOT place lithium batteries in your household trash or recycling containers.

If your battery is leaking or bulging, place it in a metal or non-flammable container and surround it with sand or kitty litter. Bring it to a Household Hazardous Waste collection event or check the Call2Recycle website.

SAFETY FIRST!

CHESTER COUNTY SOLID WASTE AUTHORITY

MUNICIPAL WASTE REBATE AGREEMENT

This Agreement is entered into by and between Chester County Solid Waste Authority ("CCSWA") and _____ (the "Customer") this _____ day of _____, 2025 (the "Effective Date").

Background

- A. CCSWA owns and operates the Lanchester Landfill for the disposal of Municipal and Residual Solid Waste under Permit No. 100944.
- B. CCSWA receives Municipal Waste as hereinafter defined from 49 municipalities within its Chester County Service Area as shown on Exhibit A attached hereto (the "Service Area"), in accordance with the terms of the Chester County Municipal Waste Plan approved by the Pennsylvania Department of Environmental Protection.
- C. All Municipal Waste generated within the CCSWA Service Area must be delivered to the Lanchester Landfill in accordance with the aforementioned Municipal Waste Plan and pursuant to §4.2 of the Chester County Designated Site Ordinance, Ordinance No. 2010-02,
- D. Customer collects Municipal Waste from the CCSWA Service Area and disposes of said waste at Lanchester.

Agreement

NOW, THEREFORE, in consideration of the mutual promises of this Agreement and intending to be legally bound hereby, the CCSWA and the Customer agree as follows:

1. **Incorporation of Background.** Background paragraphs A through D are incorporated in this Agreement as if set forth fully herein.
2. **Definition of Municipal Waste.** Municipal Waste, as used herein, shall mean Municipal Waste as defined in Section 103 of Act 101 of 1988, 53 P.S. §4000.103, including any solid waste generated or collected within the County which includes garbage, refuse, industrial lunchroom or office waste and other material, including solid, liquid, semisolid or contained gaseous material, resulting from operation of residential, municipal, commercial or institutional establishments, and from community activities, and any sludge not meeting the definition of residual or hazardous waste in Act 97 of 1980 from a municipal, commercial or institutional water supply treatment plan, waste water treatment

plant or air pollution control facility. The term "Municipal Waste" does not include source separated recyclable materials.

3. **Term.** This agreement shall not be effective unless executed by the Customer and submitted to the CCSWA prior to 12 noon EST on January 30, 2025. This Agreement shall commence on January 2, 2024 and shall continue until December 31, 20____. This Agreement shall automatically renew for additional periods of one calendar year upon the same terms contained herein unless either party terminates the Agreement by a written notice received by the other party on or before November 1 of the year proceeding the next renewal year.
4. **Rules and Regulations; Fees.** CCSWA's Rules and Regulations, including its user fees for the disposal of Municipal Waste at Lanchester, shall be established at least annually by CCSWA. The CCSWA shall provide not less than thirty (30) days' prior written notice to the Customer of any changes in its established user fees for Municipal Waste. During the term of this Agreement, the CCSWA shall not provide Municipal Waste disposal services to any other similarly situated customer on more favorable terms than available to the Customer as herein provided.
5. **Scope of Agreement.** During the term of this Agreement the Customer shall comply with all CCSWA Rules and Regulations and applicable user fees. Customer shall deliver to the CCSWA and the CCSWA shall accept for disposal all Municipal Waste generated or collected by the Customer within the Service Area.
6. **Termination by the Customer.** Customer may terminate this Agreement upon the following conditions provided that the CCSWA does not correct such conditions within thirty (30) days of receipt of written notice thereof from the Customer.
 - a. The CCSWA increases its user fees for Municipal Waste disposal to an amount in excess of the user fee for Municipal Waste disposal set forth in Exhibit B attached hereto, or decreases the rebate amount set forth in Exhibit B;
 - b. The Lanchester Landfill repeatedly and in material respects fails to conform to applicable governmental rules, regulations or permit conditions or if the CCSWA's services under this Agreement are repeatedly and in material respects deficient in context of accepted waste handling practices; or
 - c. The CCSWA fails or refuses to perform its obligations under this Agreement.

7. **Termination by the CCSWA.** The CCSWA may terminate this Agreement upon the following conditions provided that the Customer does not correct such conditions within thirty (30) days of receipt of written notice thereof from the CCSWA.
 - a. The Customer fails to deliver all Municipal Waste collected by the Customer from within the Service Area to the CCSWA in accordance with Section 4 herein, as determined by CCSWA. Unintentional and nonmaterial failures by the Customer to deliver to the CCSWA all the Municipal Waste subject to this Agreement will not be grounds to terminate this Agreement by the CCSWA provided that the Customer provides written notice of the failure with 72 hours of the event, and cures such failure by the delivery to the CCSWA of sufficient amounts of alternative or replacement Municipal Waste from outside of the Service Area to account for the failure.
 - b. The Customer fails to maintain a current payment account with the CCSWA for a period of thirty (30) days in accordance with the CCSWA Rules and Regulations.
8. **Rebate.** In consideration of the Customer complying with its obligations under Section 4 hereof, the CCSWA shall grant a rebate to the Customer in the amounts shown on Exhibit B for all Municipal Waste delivered to the CCSWA by the Customer under this Agreement during the preceding thirteen (13) week calendar period for which the Customer has paid the CCSWA invoices in full.
9. **Independent Contractor.** For all purposes, the Customer is and at all times during the term of this Agreement shall be an independent contractor and employing unit. Neither the CCSWA nor the Customer is an agent or employee of the other, and neither party is authorized to make any representations or incur any liabilities on behalf of the other party.
10. **Indemnity.** So long as the Customer performs the Customer's obligations under this Agreement, the CCSWA will indemnify and hold harmless the Customer from all costs, claims and expenses related to Municipal Waste which the Customer disposes of through the CCSWA under this Agreement. The Customer shall indemnify and hold harmless the CCSWA from all cost, claims and expenses arising by reason of the Customer's neglect or wrongful acts or omissions relating to this Agreement or of the Customer's breach of this Agreement.
11. **Binding Effect.** This Agreement shall bind the successors and assigns of the CCSWA and/or the Customer including any purchaser of substantially all of the assets of the CCSWA and/or the Customer.

12. **Severability.** In the event that any of this Agreement shall be determined to be null and void by a court of competent jurisdiction or by any change in applicable law, all remaining sections herein shall remain in full force and effect.

IN WITNESS WHEREOF, the CCSWA and the Customer have entered into this Agreement as of the Effective Date.

Landfill Basics:

The purpose of this guide is to provide basic safety awareness for visitors of our site.

Visitor Registration:

Visitors must sign in upon arrival at the Scale House and sign out upon leaving. Please note that by signing the Visitor Registration you are acknowledging you have read and understand the policies in this brochure. All visitors must have a site contact to enter the site. The visiting Supervisor is responsible for their own employees and their understanding of the Health and Safety Rules.

Emergency Evacuation:

Evacuate buildings using the nearest marked exit. In the case of an emergency, the Muster Area is the Lanchester Landfill Sign by Route 322. Please remain at that area and await further instructions.

First Aid, CPR, AED:

Site Supervisors are trained in CPR and the use of an AED. There are First Aid kits and AED devices in all buildings.

Incident Reporting:

All incidents must be reported to a Site Supervisor. This includes personal injury, property damage, emergencies or environmental releases.

Personal Protective Equipment (PPE):

Visitors must supply their own PPE. Site Requirements: Safety Shoes, Safety Glasses, High Visibility Clothing, long pants and hard hat.

Smoking Area:

There is only one smoking area on site and that is the southwest room in the Maintenance Building. NO SMOKING is allowed on the landfills or the fuel island.

Heavy Equipment:

Heavy equipment has the right of way. Please obey all traffic signs including the traffic light. Do not leave the cab of your vehicle unless you have to. Maintain a 15 foot separation between vehicles and heavy equipment. Do not turn your back on equipment and remain visible.

Speed Limit:

The site wide speed limit is 15 miles per hour.

Hazardous Materials:

The Lanchester Landfill does not accept hazardous waste, tires or liquids.

Safety Data Sheets (SDS):

Material Data Safety Sheets have been replaced by SDS. SDS are available in the Maintenance Building lunch room and the office of the Leachate Treatment Plant.

Hours of Operation:

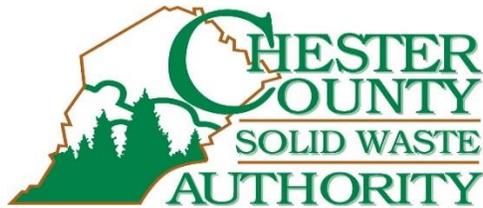

Small Load Facility - Monday - Friday 7:00 AM to 4:30 PM
Saturday 7:00 AM to 11:30 AM
Landfill - Monday - Friday 6:00 AM to 5:00 PM
Saturday 7:00 AM to noon

Drug & Alcohol Policy:

Visitors shall not have in their possession or store on our property intoxicants, narcotics or alcohol. Visitors shall not visit our site while intoxicated, using illegal drugs or medically prescribed methadone, suboxone or marijuana.

Spills:

All spills of one-gallon or more need to be reported to Site Supervisors. You are responsible for cleaning up your spills. Spill kits are available at the Maintenance Building and you will be charged for what you use.

EMERGENCY STANDDOWN PROCEDURES

- A. Purpose:** The purpose of these procedures are to provide clear and concise direction to employees and customers in the event of a Lanchester Landfill emergency. The following steps are to be followed and obeyed while the emergency is being dealt with on site.

Working Face Personnel:

- 1. Using the Emergency Stand Down System installed on the equipment, the lead operator will signal the drivers using the siren/PA function to remain in their vehicles until cleared. All operations will cease at that moment until cleared.**
- 2. Working Face personnel will notify the Scalehouse/Superintendent of the emergency and to call 911 if applicable.**

Superintendent:

- 1. The Superintendent or his designated person will act as the “on scene commander” for the emergency.**
- 2. The Superintendent will provide a designated person to meet the Emergency Response personnel at the scalehouse and escort them to the location of the emergency.**

Scalehouse Personnel:

- 1. Scalehouse personnel will stop all traffic entering the landfill until the situation is cleared. Scalehouse personnel will be responsible for documenting all information relative to the emergency situation. (i.e. time emergency report initially reported, who reported it, time 911 was called, and any other details that may get communicated on the two-way radios.) An Emergency Stand Down Log Book will be located and maintained at the Scalehouse. It is extremely important that Scalehouse personnel record and document every detail possible relative to the emergency. NO detail is too trivial. When in doubt, record it and we can sort through it later.**

2. Will advise any customers using the SLF to cease activity until the emergency has been cleared.

Other Landfill Personnel:

1. Stay away from the scene of the emergency unless your presence has been specifically requested to assist.
2. Refrain from using the two-way radio until the emergency has been cleared.
3. ONLY the “On Scene Commander” can call the emergency off and restore the landfill to normal operations.

Landfill Customers

1. A separate communication will go out to our customers to advise them of this policy and what they are expected to do to minimize the confusion relative to the emergency.

Chester County Solid Waste Authority

FROZEN/NON-FROZEN ASSISTED LOAD AUTHORIZATION

I hereby give the Chester County Solid Waste Authority permission to provide unloading assistance from containers owned or leased by the below-mentioned company, as requested by the driver.

I understand that this service is dependent upon the availability of equipment and manpower.

The current rate for this service is \$50. If this service fee changes, you will be notified.

This service will normally be done on or near the landfill face, or at a spot designated by the landfill personnel and will be best accommodated between the hours of 8:00 am and 3:00 pm.

I Agree _____
(Opt In – Allow Assistance*)

I Disagree _____
(Opt Out – Do Not Assist)

2025 USER FEES (price per TON)

<u>MUNICIPAL SOLID WASTE</u>	<u>USER FEE (After Rebate)</u>
Commercial/Residential Trash - see Note 1 below	\$86.00/TON
Transfer Trailer Commercial/Residential - see Note 2 below	\$83.00/TON
Construction & Demolition Waste	\$81.00/TON

Note 1 - Rebate of \$4.00 per ton below the base rate of \$90.00 per ton is provided to Commercial and Residential Customers who are approved by CCSWA and maintain satisfactory Credit Account and Payment Status.

Note 2 - Rebate of \$7.00 per ton below the base rate of \$90.00 per ton is provided to Commercial and Residential Customers who are approved by CCSWA and maintain satisfactory Credit Account and Payment Status.

<u>RECYCLABLE MATERIALS</u>	<u>PER TON</u>
Leaves /Grass Clippings (plastic bags not accepted)	
October thru January	\$25.00
February thru September	\$55.00
Vegetative Wood/Brush/Christmas trees	\$55.00
Clean Hardwoods/Skids (i.e. unpainted, unstained, no metals)	\$55.00
**Any combination of the above-mentioned Recyclable Materials	\$55.00
**Minimum transaction charge for Recyclable Materials going to the Compost Site	\$10.00

<u>OTHER CHARGES (per ITEM)</u>			
Untarped Load	\$20.00	Hot Load	\$120.00
Public Scale Charge	\$ 6.00	Re-Load/Clean Up Min.	\$120.00
Unloading Assistance Minimum	\$50.00	Mattresses & Boxsprings	\$ 30.00
Frozen Load Assistance*	\$50.00	No-Show Asbestos Fee	\$120.00
*Requires a signed permission before assistance		Refrigerant Item (Freon©)	\$ 22.00

<u>PADEP APPROVED RESIDUAL WASTES</u>	<u>2025 USER FEE (price per TON)</u>
<u>NO SPECIAL HANDLING REQUIRED</u>	\$77.00-\$85.00 ⁽¹⁾
Contaminated Soils	
Wet/Dry Food Processing Waste	
Paper Sludges	
Wastewater Treatment Sludges	
Water Treatment Sludges	
Dry Industrial Sludges	
Contaminated Soils (disposal required)	
Form "S" Residual Waste	
<u>SPECIAL HANDLING REQUIRED</u>	
Bulky Construction & Demolition	\$88.00
Bulky Transfer Trailer	\$92.00
Oversized and Special Handling Required	\$92.00 ⁽²⁾⁽³⁾
Styro-Foam	\$143.00
Patient Care	\$92.00
Industrial Wire	\$92.00
Coating Powders	\$92.00
Carbon Dust	\$92.00
Asbestos (add'l fee for no-show – see other charges)	\$203.00
*Tires – Banned from landfilling, requiring transport to another facility.	
*Option 1 – Hauler reloads all tires on truck	\$0
*Option 2 – Charge for Accepting Car/Truck Tires/Off Road	\$15.00/\$35.00/\$375.00 ea.
<u>ASH RESIDUES</u>	\$82.00 ⁽²⁾⁽³⁾
Hospital Incinerator

User Fees - All wood waste must be free of plastic bags and refuse*

- | | |
|--|-----------------|
| 1. Leaves/Grass clippings (no plastic bags) | |
| October thru January | \$25.00 per ton |
| February thru September | \$55.00 per ton |
| 2. Branches and tree limbs | \$55.00 per ton |
| 3. Brush (free of plastic & refuse) | \$55.00 per ton |
| 4. Construction-related wood waste
(free of refuse, unpainted & non-pressure treated) | \$55.00 per ton |
| 5. Pallets/skids/wooden crates | \$55.00 per ton |
| 6. Commingled loads of construction wood (Item 4) &
any vegetative waste (Items 1-3) | \$55.00 per ton |
| 7. Tree Stumps - We are no longer accepting tree stumps.
Please see our website for recommended recycling/disposal
https://www.chestercountyswa.org/ | |

***NOTE:**

*Wood waste containing refuse, plastics, painted and/or pressure treated wood must be disposed of as municipal solid waste at the Authority's adopted rate. A clean up fee of \$120.00 will be charged for any trash left behind at the compost site.

**Stones, rocks and excessive amounts of dirt cannot be dumped at the Compost Site.

Telephone poles and railroad ties cannot be composted and will be landfilled at the bulky C&D handling rate of \$85/ton. Must be cut to 8 ft. lengths.

P.O. BOX 476 * HONEY BROOK, PA 19344 * 610-273-3771 * FAX 610-273-9870
7224 DIVISION HIGHWAY * NARVON, PA 17555 * 717-351-6025

Dear Credit Customer:

Our Terms of Credit are as follows:

Net 25 Days with a 5 day grace period, however if payment is not received within 30 days, late charges will be assessed to .8% monthly (9.6% annually).

Please note that under your credit agreement with CCSWA, you are currently receiving a rebate or a reduction in rate. Pursuant to Section 7b of our Municipal Waste Agreement, if the account is not maintained in good standing, the customer forfeits the right to this rebate and will be charged the current gate rate. If the account is delinquent for more than 60 days, we reserve the right to close the credit account and require payment at the time of service.

We Invoice 4 times a month for the periods of the 1-7, 8-15, 16-22 and 23-end of month.
We send monthly statements of the account activity for the month.

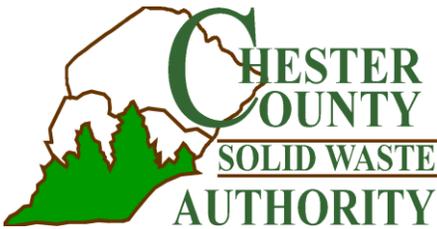

If you have any questions or concerns regarding these Terms, please call me at 484-796-4052.

Thank you.

Sincerely,

Dayle L. Anderson

Dayle L. Anderson, Assistant Business Manager
Chester County Solid Waste Authority
